Victoria's Story

Imagine, if you can, smelling cigarette smoke when no-one else can, or seeing a spirit walk through the house while everyone else is completely oblivious. Imagine seeing flashes of blue on your glasses, waking up to see a fairy-like creature sitting on top of your clock radio or sending for etheric support for your grandmother in spirit because she has been restlessly turning light switches on and off. Well, that all happened to Victoria at the age of 48. Needless to say, her life has changed radically since then!

Born in Adelaide on November 10th, 1960, Victoria (nee Hackett) is the eldest of three children. Growing up in Melbourne and attending an all girls Anglican school, Victoria graduated as a kindergarten teacher with a Diploma of Early Childhood in 1982 and met her husband, Richard during her first teaching year at Loch in Sth Gippsland. Dairy farmers, they share farmed in Yanakie at Wilsons Promontory for four years where they welcomed two boys, Kristopher and Tristan, into their family.

In 1989 the family moved to NW Tasmania and their third son, William, was born at the Burnie hospital in 1991. During the next decade Victoria kept studying and teaching, gaining a Bachelor of Education, Inservice, a Graduate Certificate of Literacy Teaching, a Masters by Coursework and later, a Masters of Teaching with Hons. She taught at primary schools in Circular Head, before moving to Hobart to teach for two years. Kris and Tris were living there by then and Will attended school in Hobart and began an apprenticeship, while dedicated Richard travelled up and down the highway on his days off to be with his family. In 2008, Victoria finally received a message from her grandfather and, beginning a spiritual development course, met Archangel Michael, the source of the blue flashes on her glasses!

There began a journey of discovery of gifts Victoria never dreamed she was capable of, and a family getting to know a daughter, wife, sister and mother who was suddenly psychic. Over the next few years, Victoria became a Reiki Master and an Advanced Theta[®] Healing Practitioner.

Retiring from teaching in 2018, Victoria was named the Tasmanian Psychic Expos' 2019 Psychic of the Year. She and Richard have been happily married for 36 years and live at Hellyer in Circular Head. They are both members of the Rocky Cape Lions Club and love to go fishing when the weather is fine.

Victoria Cochrane, Psychic Communicator and Spiritual Healer

Victoria Cochrane (M Ed. Hons) was named the Tasmanian Psychic Expo's 2019 Tasmanian Psychic of the Year. She is a certified member of the International Psychic's Directory and regular presenter of The Spiritual Wisdom Hour on Spiritual Events and Directory's Facebook Page.

Victoria is clairvoyant, clairsentient and clairaudient but finds it easy to tune out when she needs to. When she does tune into her clients, however, she can see everything that the person is carrying or has been through in the aura, chakras, physical and etheric bodies. "Sitting" within the person's energy, she can then determine what the energy is, where it comes from and who it relates to. A talented healer, she works with Divine energy to change negative belief systems and to live past or past life trauma, karmic ties and soul contracts that are keeping the person from moving forward.

A medium, Victoria receives accurate messages from people's passed-over loved ones and angel guides and uses tarot and oracle cards to give people clarity for the future.

Victoria is passionate about empowering people to step into their own psychic gifts, to embrace their soul journey and to connect to their own divinity. A trained educator, Victoria uses her teaching ability to guide people to build on their strengths, grow confidence and trust in their own abilities.

An author, Victoria has self-published three books and is about to release her fourth book, *The Book of Life, Lessons from Mother Earth* (Synk Media).

Victoria writes a monthly newsletter, "Reaching Out Spiritual News" and is a regular presenter on the Spiritual Events and Directory's Facebook Page. She has a channellings page, victoriacochrane44.com.

Victoria has written articles for www.lightworkersworld.com (2011 to 14), Spiritual Events Directory's magazines and International Psychics Directory. Her article, "Hearing the Voice of Pa" was featured in the 2014 Spiritual Writers' Network publication.

Victoria is available for appointments in her room in Wynyard, Tasmania, once a month in Launceston or via video call. She is also available as an inspirational speaker and workshop presenter.

Raising the Energies of Mother Earth Towards and After Ascension 2012: The Highest Truth (2013, Victoria Cochrane Publications) is channelled entirely from the Masters of the Cosmic Council. The 12/12/12 was the moment when Mother Earth ascended into a New Age, where man now has the opportunity to leave the old ways of living in ego and serving the self behind. The universe revolves around unconditional love. Man is part of the all and is one with, not separate from, God, the Creator of All That Is. We are all spiritual beings on an onward soul journey and most of us have lived many lives. The Earthly Plane is the stage where humans learn the lessons their souls have chosen to learn in order for their souls to evolve. Everything we do or that happens to us on Earth is either a result of a lesson we have chosen or the invocation of karma by us or by other souls.

Beyond Ascension 2012: Universal Truths (2016 (2nd Edition), Victoria Cochrane Publications) continues the theme of the first book and explains truths about humans as ethereal beings who are having a human experience in order to learn lessons towards soul growth and enlightenment. It explains how we live on planes of existence and are all bound by spiritual law. Master Aloysius also explains the significance of our dreams, how we astral travel when we are sleeping and the benefits of praying to God and meditation. The manifestation of past life trauma as physical illness, the journey of the soul, the planes of existence and universal laws are also explained. The energies of the newly ascended Earth into the Fifth Dimension has been deemed by Creator to be the right time for the Masters of the Fifth Plane to bring the truths of the universe, which are all based upon spiritual law, to man at this time. We are moving into a new age where the higher vibrations will no longer tolerate the darker energies of manipulation of truth, corruption, greed and inequalities of the Third Dimensional past.

The Alignment of the Universe, Messages from Other Worlds (2015, Victoria Cochrane Publications).

On 21/12/12, after Mother Earth ascended, she came into alignment with several planets from other parts of the galaxy. Although over a year has passed since this momentous event, it has opened the way for these planets and their amazing, peaceful beings to communicate with us and to assist us to raise our vibrations as a race and to ascend with the Earth. It is in their own interest to do so, because, just as we on Earth are one with God and each other, so is the entire universe one. What occurs on Earth, therefore, affects all other living beings in the universe, and they have no desire to see us self-destruct.

Channelled from the Masters of Light and Members of the Inter-Planetary Galactic Federation, this book explains how human souls can learn from the lives of beings on other planets who are much more evolved than us. It is past time for us to listen.

Testimonials

VICTORIA PSYCHIC AND HEALER

I wanted to let you know I did the meditation with you last week, I have been going the Massachusetts Eye and Ear for over 5 years trying to heal my wet macular degeneration. The day after the meditation when they took pictures of my eye it was almost completely healed! I know it was Metatron and your meditation because my head was buzzing all around! Thank you so much   Have a lovely Easter Sunday.

I was amazed because only 6 weeks before it was worse than ever and I was very discouraged so was my doctor. Now it is almost completely cured! Everyone was shocked so I told them about your meditation, they were fascinated! D.

Just wanted to let you know that the healing on my aneurysm was very successful. I seen the surgeon a few weeks ago, it was showing up on the cat scan that there was a coil in there which is what he was going to do, he was looking quite puzzled so I told him what you had done. He took it all on board and wrote it all down in his notes.

So no surgery at the moment, he wants me to have another ultra-sound in six months-time to keep an eye on it.

So once again I thank you from the bottom of my heart. That is very powerful what you can do.
Regards E.

Hey Tor

I just wanted to send a message to let you know how wonderful I think you are. Since the work you did with me (was that really close to 2 years ago?) I've made a lot of progress, both emotionally and spiritually, and I just wanted to thank you. I wouldn't have given myself permission to hold off on my holiday until I was ready or pushed myself to do it when doubt started to creep in, and it was your work with me that got the ball rolling.

F.

For over 34 years I have specialised in the subconscious mind and its role in creating our health and wellbeing. I have been privileged to meet and work with some of the best transpersonal healers in the world and so it was a delight to meet fellow Australian Victoria Cochrane and experience her wonderful insight.

Victoria identifies energetic blockages as the parts of the body that are blocked 'light up'. As with all energetic healing the secret is to trust and not to force it thus she works more psychically than physiologically to open vital pathways so that the body can heal.

This ability to see energies allows Victoria to work at a very deep level thus releasing and healing both the physical and the mental bodies.

M

You an amazing gift to the world Tor. Your love, guidance, special gifts and compassion are limitless and send ripples out into the world, making it a much better place. You've made such a difference for me. L

Victoria is so talented. She is an amazing healer and has incredible and accurate insight into what is going on and then the ability to heal and shift that. I have complete trust in her and return to her whenever I need to

VICTORIA SPIRITUAL TUTOR

I have been working with Victoria for a period of time. I have not only found Victoria a great person to work with, her gentle manner and informative information that she has shared with me has been opening me up to different levels. Victoria is respectful, kind & her abilities to teach on the spiritual path are exceptional.

I have discovered a different me. A greater understanding of who I am. A greater understanding of the path I have chosen.

Thank You Victoria, very much appreciated.

With much Love and Gratitude,

R.

Hi Tor

I am so grateful that I met you all those years ago at one of Hobarts psychic expos! Out of the whole room I felt a definite pull towards you! If I hadn't of listened to my intuition, then I wouldn't have had the experience of opening up a whole new chapter of awakening in my spiritual journey. You have a unique ability to reach people in an non-judgmental and positive and relatable way. Not only did you heal my shoulder which by the way I had persistent pain with for 5 years prior, but you gave me back the belief within myself and spirit. I have just completed a 5 week 'safe spiritual practices' course with Victoria and it blew my mind! Putting these teachings into practice will be a pathway for life.

To anyone reading this, I highly recommend Victoria Cochrane as a spiritual tutor and healer.

I found Victoria Cochrane by chance, although maybe it was divine intervention. Victoria is generous, professional and kind in sharing her wisdom and knowledge of the Universe and its laws. I highly recommend her course Safe Spiritual Practices. I personally found it a lot of information to integrate in 6 weekly sessions. There is so much to learn.

Meeting Victoria has changed my life and deepened my faith in the power of love for the Creator, Mother Earth and mankind.

Much love and light to you Victoria.

D.

TESTIMONIALS

The Alignment of the Universe: Messages from Other Worlds

There would be no better time than now to read "The Alignment of the Universe: Messages from Other Worlds" given the global upheaval that is currently occurring. The messages that Victoria has channelled explain that we have the opportunity to ascend from 3D to the 5D through sending love and light throughout the world to create oneness in humanity. Raising our vibration, bringing in and sending out the light and love of the Creator will enable more people to ascend to a world of Unconditional Love, Peace, Tolerance, Equality and Compassion instead of the current paradigm of duality which is built on inequality, fear, greed and power over others. The messages also explain how what is happening here on Earth is affecting our entire Universe and how beings on other planets live in peace and harmony where there is no ego.

The messages may question your ingrained morals and values but in a nutshell the undeniable truth is that Love is the Answer.

A.

Hi Ange Have just read all 3 books of Victoria's and her channeling has condensed ions of knowledge into a masterful simple way of learning of 'the times'. If your spirituality has been waning, her words will inspire and inject spiritual enthusiasm and light so 'you may do your work'. I felt so. 'It's Time Now' say the Pleiadian Emissaries. I want to thank Victoria as out of her book (literally) resurrected my Sirius Blue Capsule (Dog) which had been obscured temporarily and especially to you for love and healing and raising my vibrations so I could connect back to it. Peace Love and Light. P.

This book has the potential to change the way you view the world as we know it. It will stimulate and expand your mind and will no doubt conjure some controversial conversation. It is a book you will not put down until you've reached the end because every page is as stimulating and excitingly interesting as the last one.

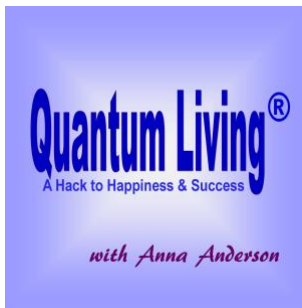

If you're inquisitive and looking for a book to challenge everything you think you know, you need to read this one.

I've read Victoria's two previous books which were fantastic and probably a good foundation to prepare you for this book.

A very highly skilled Theta Healer, Victoria has channelled this book beautifully and no matter what your beliefs or understandings are, it's a read to stimulate your mind and enhance your understanding of the universe and yourself as a part of that.

Highly recommended!! A.

COMING SOON

If the world is a stage for humans to learn lessons each incarnation towards soul development, enlightenment and mastery, what can the planet Earth teach us? While our life experiences may shape us and influence the direction our lives take, how many of us take notice of how the natural world can be used as a guide to adapting to the changes that impact our lives on a daily basis?

Completely channelled by Victoria Cochrane from the Masters of the Cosmic Council through the Creator of All That Is, *The Book of Life* is divided into three parts. The first part, “Awakening to Your Divine Blueprint,” discusses the soul journey of humans on Earth in terms of dimensions of consciousness and the quest to rise above the drama and denseness of the Third Dimension. In Part Two, “The Gift of Life on Earth: Connecting to the Elements of Nature,” the Masters describe how the elements and animals in nature relate to elements of our lives and can teach us how to achieve a state of Being above the illusions and dramas of Third Dimensional Earth. Although short, Part 3, “Embodying Your Spirituality” addresses the state of global panic due to Corona Virus and the reasons the need for change in the way humans live on the planet is so urgent. It ends the book with positive words to help readers to overcome fear and to begin to embody their spirituality as an everyday way of life, not just an occasional practice.

Every chapter is accompanied by a meditation directly relating to the chapter which can be used by the reader to attain and retain balance in their lives. Each meditation has been beautifully recorded by Victoria and are accompanied by the soothing and relaxing music of Christopher Lloyd Clarke from Enlightened Audio. They are fully accessible upon purchase of the book.
